

### Curtis Management Means Business

Curtis Management is a full-service corporation specializing in commercial real estate development and management on the South Shore of Boston. The firm originated in 1979 and is led by Emily Curtis Pott, President.

Services provided by Curtis Management encompass full-scale property management including: leasing services and construction supervision, financial accounting and reporting systems and advertising and promotional consultations. Additionally, Curtis Management has in-house supervision of all maintenance personnel and building repairs.

Curtis Management also provides personalized service to each of its clients. It has developed an enduring business reputation with local South Shore authorities, financial institutions, community organizations, contractors and well-known category leading retailers.
